

Dear Coaches

The Middletown Soccer Club Spring Kick Off is scheduled for Saturday, March 19th

Middletown has had a lot of snow and rain this Winter and Spring.

Our fields in Middletown are saturated from all the snow and rain and are very soft at this time.

We have been looking forward to some Sunshine and Heat.

In addition, there is a forecast for more rain this coming Wednesday and Thursday and possible rain on Saturday.

Our Recreation Department has not been able to get on to the fields to line them so far, they have been able to mark the corners in preparation to line them as soon as they can.

Their plan to have the fields done this week, however if we get a fair amount of rain this week, we will not be able to have the fields ready and playable.

We will be notifying you as soon as we can, if we will be forced postpone to March 26th.

Sorry for the delay in notifying you, however, we were hoping each day for Spring to come.

Ben Curci,

Tournament Director
